PVC bag fabric Available Worldwide

Available Worldwide

PVC bag fabric is also called vinyl bag or polyvinyl chloride bag, widely used in all kinds of bag making, mainly divided into PVC, transparent PVC and clear mesh three kinds of materials. PVC fabric is very flexible, soft touch, waterproof and wear-resistant, puncture-proof, suitable for daily life. Clear PVC smooth texture and clear appearance, used for making cosmetic bags, storage bags, moisture-proof bags, etc., applicable and beautiful, very fashionable. Transparent mesh fabric increases the strength of the material and owns good visual effect, popular among designers, commonly used in travel bags and sports bags, document bags. All three materials are very easy to clean, long lasting and durable, all are 100% waterproof, easy to process and sew.

PVC bag fabric Available Worldwide

Professional sales team, Over 15 years experience in producing pvc bag material, Over 10 years OEM&ODM finished product experience, Gemeny production lines, Automatic computer colour meching system, Advanced inspection process, Imported pvc resin, Can deliver what exactly client need.

Features of PVC bag fabric

GSTARP

Durability

The PVC coated fabric is produced by imported equipment, the product structure is advanced, has a solid surface, has a strong resistance to prevent tear, this is one of the biggest features of our products, the quality is very stable, with long life cycle, there is a very excellent durability.

Scratch resistant

The PVC coated fabric is a kind of liquid PVC uniformly coated on top of the base cloth, the upper and lower two surfaces are smooth and strong, and polyester base cloth on the high strength, can prevent sharp objects scratch or puncture, with good scratch resistance.

Wear-resistant

The fabric surface is very smooth, the surface coating is arranged tightly via surface acrylic or PVDF treatment techniques, the hardness is very high, resisting all kinds of wear and tear, so it is very wear-resistant.

Smooth surface

The graphic cloth is made by lamination or coating, and with the special treatment on the surface, the surface is very smooth.

Colors customizable

We can make any colors as customers's samples or Pantone colors number or RAL color number. we have automatic color matching equipment, manually matching the color is not needed, which is our advantages.
