# clear bag fabric

PVC clear bag fabric is also known as PVC clear vinyl fabric, with its main component being high-purity PVC. Additional ingredients are added to enhance heat resistance, abrasion resistance, tear strength, tensile strength, toughness, and flexibility. It is super transparent, 100% waterproof, and remains clear without yellowing over long-term use.

Various eco-friendly inks can be used to print different patterns, with colors that are clean and beautiful, and do not fade. It is the ideal material for making bags, tablecloths, and other items.

Jiaying Green Shield New Materials Co., Ltd

### Durability:

The PVC coated fabric is produced by imported equipment, the product structure is advanced, has a solid surface, has a strong resistance to prevent tear, this is one of the biggest features of our products, the quality is very stable, with long life cycle, there is a very excellent durability.

### Wear-resistant:

The fabric surface is very smooth, the surface coating is arranged tightly via surface acrylic or PVDF treatment techniques, the hardness is very high, resisting all kinds of wear and tear, so it is very wear-resistant.

### Smooth surface :

The graphic cloth is made by lamination or coating, and with the special treatment on the surface, the surface is very smooth.
