Jiaying Green Shield New Materials Co., Ltd

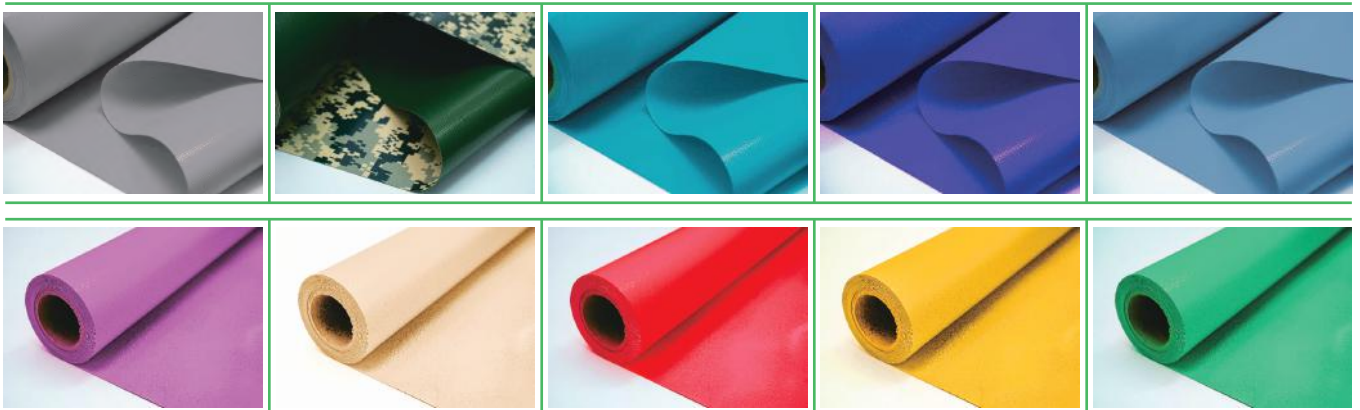

# PVC inflatable swimming pool fabric-Factory wholesale

PVC inflatable swimming pool fabric features strong strength, high quality, good stability, surface self-cleaning, anti-aging and various weather resistance. Ideal for water sports games, inflatable boat and oil fence. Our material is fabric-reinforced PVC, suitable for a variety of outdoor environments. It is portable and easy to install and store.

Professional sales team, Over 10 years OEM&ODM finished product experience, Gemeny production lines, Automatic computer colour meching system, Advanced inspection process, Imported pvc resin, Can deliver what exactly client need.

## ▶ Innovative Features of Modern PVC Inflatable Swimming Pools

The PVC Inflatable Swimming Pool is an innovative product that allows you to easily fulfill the dream of having a private pool. Through multiple creative designs, it provides a comfortable, convenient, and safe experience.

Made from high-strength, eco-friendly material, the PVC Inflatable Swimming Pool fabric features 100% waterproofing, UV resistance, tear resistance, and anti-aging properties. It is lightweight and easy to carry.

The pool can be enhanced with accessories such as slides and bounce houses, creating a mini entertainment area that brings more enjoyment and experience for children.

### ▶ Quick Inflation and Deflation:

The water valve design enables rapid inflation and deflation, allowing for quick setup and immediate use.

### ▶ Innovative Anti-Slip Design:

The fabric of the PVC Inflatable Swimming Pool uses a textured pattern to increase friction, reducing the risk of slipping and providing a safer recreational environment.

### ▶ Shape Versatility:

The pool can be customized in size and shape according to personal preferences or space requirements, offering a variety of fun designs to meet various needs.

## ▶ Caring for Your PVC Inflatable Swimming Pool

- ▶ Regularly clean the surface with warm water and a mild detergent.
- ▶ Avoid scratches and punctures; perform regular maintenance.
- ▶ After cleaning, air dry and fold the pool neatly for storage in a cool, dry place.
- ▶ Periodically check for leaks and replace the water in the pool as needed.
