

Ton Bag fabric is used to make Ton Bags, typically in the shape of a 1-meter cubic form, equipped with four handles for easy handling by forklifts and other machinery. It is primarily used for short-distance transportation or storage of liquids or other materials in factories, docks, and warehouses.

Factory wholesale

Ton Bag is a kind of flexible packaging bag suitable water and other liquids.

The fabric offers excellent waterproof and abrasion-resistant properties, capable of withstanding heavy loads and repeated use. It is suitable for large-capacity material storage and transport in industries such as manufacturing and agriculture.

Properties of Ton Bag fabric:

- ▶ Durable / Long life
- ▶ Anti mold / heat insulation
- ▶ Colour fastness / Smooth surface
- ▶ 100% waterproof / Puncture resistant
- ▶ Alcohol resistance / Dimensional stability
- ▶ Environmentally friendly / Super Adhesion strength

Embossed vinyl fabric – Factory wholesale

Professional sales team, over 15 years experience in producing PVC Laminated Tarpaulin. Over 10 years OEM&ODM finished product experience, we are a factory produces pvc tarpaulin in Haining. The greatest feature of our PVC Laminated Tarpaulin is stable and durable quality.

You can get the reasonable price with best quality here.

Durability: The PVC coated fabric is produced by imported equipment, the product structure is advanced, has a solid surface, has a strong resistance to prevent tear, this is one of the biggest features of our products, the quality is very stable, with long life cycle, there is a very excellent durability.

Airtightness: Our coated cloth is equipment imported from Germany, the new advanced process to make the coating and the basic tightly combined, through the oven and tunnel furnace heating and shaping, has a very good airtightness, windproof effect, with good airtightness, it can be used as a large odd storage device.

Wear-resistant: The fabric surface is very smooth, the surface coating is arranged tightly via surface acrylic or PVDF treatment techniques, the hardness is very high, resisting all kinds of wear and tear, so it is very wear-resistant.

Long lifetime: Produced by coating or coating process, the product structure is stable, quality is stable, with strong durability, to ensure economic returns, the product has a very good service life, over 10 years
